

Shepherd's Corner

Thank you VBS'ers

Paul and I would like to thank you for the fantastic Team J-E-S-U-S effort for the VBS this year. It required excellent teamwork to make this effort so successful.

Thanks goes to Rick who directed and led songs each day. The teachers' display of selflessness and devotion helped plant the seed into the hearts of those many students that came everyday. There is no doubt that the leadership of Linda, Betty, Ron and all the ladies of the fellowship room will help develop the faith within the hearts of all who attended.

This was just the start of a very busy summer here at the Marshfield church of Christ. Please keep the zeal as we continue to grow and abound. God bless you all as you work just as diligently to help us grow in all our efforts.

Love you, *Clayton King*

Marshfield Church of Christ Bulletin

When Do You Walk?

Notice the question is not, "Do you walk?" but WHEN do you walk? And if you're not a walker, it's never too late to start.

Another question is, "Why walk?" According to the Mayo Clinic, there are several reasons:

- Maintain a healthy weight and lose body fat
- Prevent or manage heart disease, stroke, high blood pressure, cancer, type 2 diabetes
- Improve cardiovascular fitness
- Strengthen bones and muscles
- Improve muscle endurance
- Increase energy levels
- Improve mood, cognition, memory and sleep
- Improve balance and coordination
- Strengthen your immune system
- Reduce stress and tension

On a recent morning I was out for an early walk. Typically I prefer evening exercise to unwind from the day and release stress, which also allows me to physically relax. Most often, my wife and I walk together, which has been a regular practice most of our married life and provides an opportunity to communicate better and pray together. But since she's currently healing from a broken toe (ouch!), I've been trying morning walks.

This day there were several others walking, running and biking. One lady was listening via earbuds, raising her arms with dumbbells AND walking her dog. Talk about multi-tasking! And I totally get it by listening to podcasts, music or even talking on the phone. Why not make exercise time even more productive, right? This is confession time because I love music (especially 70's!) and benefit from podcasts while driving, in addition to phone calls. HOWEVER.....

We live in a world of constant noise and quiet times are rare. But on my walk I noticed the sound of the wind in the trees. I heard the following birds: Cardinal, Bluejay, Chickadee and Mockingbird. And I heard the words of a song I learned working 2 summers at Camp Deer Run.

*Lord, my desire is to be like You
Say the things You say and do the things You do
Let me hear Your still voice through all the other noise
So that I can be just what You want me to be.*

David shares a word from the Lord in Psalm 46 - "Be still and know that I am God." That is quite a challenge in a noisy world.

This week's assignment, should you choose to accept it, is to find a time and place that is quiet. Enjoy the peace. Push pause on life for one minute. Then another. Try five. And listen. What do you hear? Then consider the words of Samuel, "Speak Lord, for your servant is listening."

Walking works for me. Find what works for you. But also find some quiet. And listen. Make it happen. *Sid Walker*
